

Project Title:	Wandsworth Road Station
Client:	London Overground Rail Operations Ltd
Date of Work:	November 2012

Project description

Installation of new DDA compliant handrail to footbridge and entrance ramp.
Installation of platform furniture and re-decoration works.

New palisade fence installed to the rear of platform 2.

Project Constraints

- Public Interface
- Keeping station operational
- Pedestrian management
- Liaison with local authorities for entry / exit route for muck away wagons due to weight restrictions on vehicles in the area.
- Plant and material delivery logistics
